
Title: Altar

Author: Josiah, Lord Havel

This appears to be the
Uulom altar, however the
carvings depict that it
was actually constructed
under order of
someone/something called
"The Three". *****

Uulom be praised, his
children bring the
Uulomeix love? and power.

The three demand blood,
demand nourishment,
demand pain, demand
devotion.

We submit this altar
mixed of mud of the
land, salt water of the
sea and blood of the
Uulomeix for the glory of
the three and for Uulom.
